DLA Phillips Fox

The Australasian law firm which is truly going places.

Thanks to our exclusive alliance with DLA Piper, one of the largest legal services organisations in the world, we have never been in a better position to service the needs of our clients, wherever in the world they choose to do business. This means better solutions for our clients and better opportunities for our people.

We advise local, national and international companies across a wide range of industries, from emerging sectors to some of the region's most established brand names.

We are a full service law firm. Our service areas include banking and finance, corporate and commercial, dispute resolution, government law, insurance and risk management, intellectual property, planning and environment, real estate and construction, superannuation and funds management, tax, technology and media, and workplace relations and employment.

Why us?

With around 700 lawyers, we are one of Australasia's largest legal firms, but our people realise that being part of a big law firm doesn't mean you can't be down-to-earth. At DLA Phillips Fox our culture is accessible and friendly. It is respectful, recognises and encourages excellence, and values teamwork as well as personal achievement. It is confident, professional, focused on quality and outstanding results for clients. We know that to succeed we need great people - people who will share these values.

Our alliance with DLA Piper means our people have the opportunity to gain international exposure - servicing multinational clients, working on international deals, developing joint strategies and projects, or gaining experience at overseas DLA Piper offices through our unique Global Opportunities program.

Working with us means being part of an exciting global team and the opportunity to work in a firm with quality clients, talented lawyers and stimulating work worldwide.
